## MURDER A MYSTERY.

Congressman-Elect Favrot Kills a Lifelong Friend.

## MOTIVE IS UNKNOWN

Man Just Chosen a Member of the Lower House of Congress Sends to Eternity the Soul of Dr. H. H. Aldrich.

Baton Rouge, Nov. 8.—Democratic Congressman-Elect General George K. Favrot, Wednesday evening, shot and killed his life-long assistant and former schoolmate, Dr. H. H. Aldrich, one of the best known citizens of Baton Rouge. Hundreds of persons were near the scene of the shooting, but none knew what had passed between the two men. Judge Favrot refused to talk beyond letting it be known that the matter was a private quarrel. The shot was fired opposite the Isthmian hotel, out of which a crowd of society women was pouring, having just left a reception. Among these women were the mother and sister of General Favrot. General Favrot was arrested and jailed in the building where he held court during the day.

Judge Favrot is thirty-eight years of age, and is regarded as one of the most brilliant young men of Louisiana. In the recent Democratic primaries he defeated for the nomination S. M. Robertson, who had been a representative in congress for twenty years.

Before the shooting Judge Favrot had been walking along the street chatting with friends, but left the party opposite the hotel and entered the doors of the Raymond building. Almost immediately those outside heard three shots. Judge Favrot emerged from the building with a revolver in his hand.

Dr. Aldrich was found near the entrance with two bullet holes in his neck. In a front pocket of his trousers there was found a revolver, which apparently had not been fired. District Attorney Wax, one of the witnesses to the shooting, asked Judge Favrot why he shot Dr. Aldrich, and the judge replied that he did it for sufficient reasons. He started for the jail to surrender himself, and was met on the way there by the sheriff.

After the coroner's inquest Judge Favrot made preparations to spend the night in jail. He still maintains silence as to the cause of the shooting, and Dr. Aldrich's friends have not cleared up the mystery.

Judge Favrot's election was almost unanimous. Only nine votes were cast against him in Baton Rouge.

## SHOOTS TWO MEN.

Constable Hamilton Killed and Deputy Is Fatally Wounded.

Birmingham, Nov. 8.—At North Birmingham, a suburb, George Jost, a former policeman, shot and killed Constable Robert Hamilton, and at the same time fatally wounded William Thompson, a deputy constable. Hamilton and Thompson were driving in a buggy along the principal street of the town and Jost lifted a shotgun and fired at Hamilton. The charge passed entirely through the constable's body and then entered the body of Thompson, who sat beside him. Hamilton was instantly killed and Thompson is dying. Jost surrendered. He says he did not intend to wound Thompson, but was after Hamilton.

Tuesday at the election, where Jost was a watcher, he and Hamilton had a quarrel when Hamilton attempted to go behind the ropes. Jost claims that Hamilton attacked him and beat him on the head with the butt of a heavy revolver. The shooting was the sequel.

## WHERE THEY ARE AT

General Attorneys of Several Railways of Texas

## ASSEMBLE AT AUSTIN

Opinion at That City Is That the Matter of Gross Receipts Tax Will Be Taken at Once to Highest Tribunal.

Austin, Nov. 8.—General attorneys of several railroads reached here to see just where they are "at" since the decision of the supreme court in the gross receipts tax case. It was stated a motion for a rehearing would be filed at once, and if refused an appeal would be taken immediately to the supreme court of the United States. The outcome of litigation thus far has been a saving to the railroads of about \$350,000, as that is the difference in the amount of tax for the entire year, as contended for by the state, and for a portion of the year, as decided by the supreme court. It is alleged that it matters little just how hard railroads are hit by litigation and tax laws, as the people will finally have to bear the burden. In the event the supreme court of the United States decides against the railroads it is likely it will result in increasing freight rates.

Governor Lanham has issued a Thanksgiving proclamation for Nov. 29, urging upon the people of the state to celebrate the day in an appropriate manner. He says: "It is proper that we should give thanks to Almighty God for the prosperity with which our state and Union are blessed. To him our gratitude is due that peace and plenty reign in our land and that we enjoy the blessings of governmental and individual well-being."

## COWAN AND SPOONTS.

Fort Worth Attorneys Appear Before the Interstate Commission.

Washington, Nov. 8.—S. H. Cowan and M. A. Spoonst of Fort Worth on Thursday appeared before the interstate commerce commission and argued important cases involving the rates of freight on cattle from Texas to Chicago markets. Hearing is upon supplementary petition filed by the Cattle Raisers' association of Texas to determine what is just for freight rate. This case is supplementary to the case of Cattle Raisers' association against railroads that has been before the commission since 1904. Mr. Cowan represents the Cattle Raisers' association and Mr. Spoonst is looking after the interests of the Fort Worth and Denver and Colorado Southern railways. This is the first effort of the Cattle Raisers' association to get the commission to exercise its power and the Hepburn bill. The case will consume several days in presenting evidence and in arguments.

## KILLS NEGRO.

Four Bullets Took Effect in Head and Body of Latter.

Jackson, Miss., Nov. 8.—Raleigh Sively, one of the most prominent men in Hinds county, shot and instantly killed Edward Nelson, a negro, at Raymond, sixteen miles south of here. The negro had made threats against Sively, and attempted to draw a revolver when they met on the street. Sively fired five times, four bullets taking effect in the negro's head and body.

### CHANLER LEADS.

Up to Noon Thursday Seemed Certain of Being Elected.

New York, Nov. 8.—Up to noon Thursday, with nearly complete returns from fifty-one of the sixty-one counties of the state, Lewis Stuyvesant Chanler, Democratic and Independence League candidate for lieutenant governor, had the lead over M. Linn Bruce, Republican candidate, of 20,657. The missing counties are Essex, Hamilton, Herkimer, Niagara, Ontario, Orange, Fulton, Monroe, Rockland and Yates. Estimated returns from Orange county give Bruce a plurality of 2,766 and an estimate from Monroe credited Bruce with a lead of 3,600 over Chanler. These figures, deducted from Chanler's whole plurality, left him with a lead of 14,291, with eight counties still to be heard from.

In many instances county clerks to whom returns of county balloting is made had not up to noon Thursday opened the sealed envelopes in which official reports of the voting were enclosed.

Election of entire state Democratic ticket, with the exception of governor, was indicated by returns received up to 3 o'clock Thursday.

### JUSTICE AND CONSTABLE.

Those Were the Only Two That Democrats Landed In One County.

Helena, Mont., Nov. 8.—Reports from every county in the state indicate the legislature, which will elect a United States senator to succeed Senator W. A. Clark, will consist of fifty-seven Republicans and forty-three Democrats, giving the Republicans a majority of thirteen on joint ballot. The latest figures on the state ticket do not make any change in the estimate, giving Pray, Republican, 5,000 plurality for congressman. While the count in Silver Bow has not been completed, Walsh, Democrat, will carry it by less than 1,000. There have been surprises for the Republicans also. Some counties that had been depended upon send Republicans to the legislature sent Democrats. In Lewis and Clark county, which had not gone Republican for years, the Democrats lost everything except a justice and constable.

### HARAHAN ELECTED.

Chosen President of the Illinois Central Railroad Company.

New York, Nov. 8.—At a meeting of the board of directors J. T. Harahan, formerly second vice president, was elected president of the Illinois Central Railroad company.

A telegram from Memphis says: J. T. Harahan, probably the most widely known railroad man south of the Ohio river, began his railroad career in an humble capacity, worked himself steadily upward until he became executive officer of several great railroad systems. He was for years general manager of the Louisville and Nashville, vice president and general manager of the Baltimore and Ohio Southwestern road, and the last sixteen years second vice president of the Illinois Central system. He had full charge of the operation and traffic of that line, and his close association with men and events in the south strongly linked him with the upbuilding of that part of the country. Probably no man has done more to encourage manufacturing enterprises south of the Ohio river than Mr. Harahan. He has often expressed an abiding faith in the future of the south. Mr. Harahan succeeds Stuyvesant Fish.

### Beckham Nominated.

Louisville, Nov. 8.—On the face of the returns, with ninety-seven precincts not heard from, Beckham is nominated by the Democrats for United States senate by over 2,000 majority.

Washington, Nov. 8.—The amount of the cotton crop of 1906 gined up to Nov. 1, according to a bulletin issued by the census bureau Thursday, was 6,892,597 bales, counting round bales as half bales, as against 6,457,595 last year.

### HEARST'S PAPER PLANS.

Said to Be Contemplating Establishing Dailies in Twenty-Seven States.

Galveston, Nov. 8.—A representative of the Hearst newspapers states here that the New York editor is planning to establish newspapers in twenty-seven different states. He expects to reach 50,000,000 daily circulation and will renew the fight on corporations to the bitter end. The campaign will go on through every section of the Union. It is stated rival newspapers mostly responsible for his recent defeat, also that papers outside of New York who fought him, though claiming to be Democratic, have fear that he will invade their fields. It is stated that Hearst will put a morning and afternoon paper at New Orleans, Washington, St. Louis, Kansas City, Pittsburgh and other principal cities in the United States. He already has eleven papers, with 5,000,000 daily readers.

### POSTPONED FEW DAYS.

Taking of Depositions in the Waters-Pierce Case Is Put Off.

St. Louis, Nov. 8.—The taking of depositions in the ouster proceedings brought by Attorney General Davidson of Texas against the Waters-Pierce Oil company has been postponed for a few days. Jewell P. Lightfoot, assistant attorney general of Texas, after a conference with Mr. Funkhouser, announced that the taking of testimony would be postponed, but assigned no special reason. He refused to say whether H. Clay Pierce, chairman of the board of directors of the Waters-Pierce Oil company, or Senator Bailey would be summoned as witnesses or not.

### BARELY ESCAPED.

Roof Was Falling In When Roy Rushed From His Home.

Hillsboro, Tex., Nov. 8.—Mrs. Joseph Roy of Mount Calm, who is here visiting her parents, received a telephone message stating that her residence and contents and barn were burned. Her husband was sleeping in the house and was awakened when the roof was falling in. He barely escaped, taking out only a blanket from the bed on which he was sleeping. The family wearing apparel is all included in the loss. The house and contents were valued at \$2,000; partially insured.

### Large German Colony.

San Antonio, Nov. 8.—A large German colony is to be located in southwest Texas in a county not yet selected.

### Fifty Thousand Present.

San Antonio, Nov. 8.—Attendance at the fair Wednesday was 50,000—a record breaker.

### Legislature Republican.

Denver, Nov. 8.—Returns are incomplete, but sufficient to show the entire Republican state, congressional and judicial ticket was elected. On joint ballot the legislature will be Republican. It will elect a successor to Senator Patterson, Democrat.

Burke, Democrat, is elected governor of North Dakota.

### PROBABLY SIX THOUSAND.

Missouri Has Gone Democratic by That Plurality, It Is Thought.

St. Louis, Nov. 8.—Unofficial returns from 105 of the 114 counties in Missouri show that the Democratic state ticket has won by a majority of probably 6,000. There is still some uncertainty as to the result of the contest for supreme judge for the long term, which is ten years. Kenneshaw, Republican, has led his ticket in every county thus far heard from. Nineteen state senators were elected Tuesday. Of this number fourteen are Democrats and five Republicans. As they serve for four years they will have a voice in the selection of a United States senator in 1909. In the legislature the Democrats will have a majority of thirty on joint ballot at the coming session, which opens in January.

### WHAT PORTER PROPOSES.

Insists That Meat Packers Must Put the Date on Every Can.

Buffalo, Nov. 8.—Peter A. Porter, who defeated Representative James W. Wadsworth in the Thirty-fourth congressional district, is quoted in an interview as disclaiming what he called "revolutionary" intentions. His present desires, he said, are limited to putting into practice the opinions which he placed before the people during the campaign. "I am strongly in favor of the proposal to compel meat packers to stamp on each can the date on which it is packed. This is embodied in the clause in the meat bill which were struck out by the committee of which Mr. Wadsworth is chairman."

### POPULAR MAN ELECTED.

McDermott Begins Life a Messenger Boy, Now a Congressman.

Chicago, Nov. 8.—James T. McDermott, the friend of almost every one in the populous stockyards district because, as those who know him say, "his head is on the level and his heart is on the square," will represent Packingtown in the next congress. He began life as a messenger boy, picked up telegraphy and left the key to begin the campaign which won for him a seat in the national house of representatives. He is thirty-four years of age and a Democrat.

### FROM TOP TO BOTTOM.

Republicans Have Made Clean Sweep in California.

San Francisco, Nov. 8.—Fuller returns Thursday did not materially change the first showing and indications are the Republican party elected the state ticket from top to bottom. Gillett is elected governor by a plurality exceeding 12,000. A solid Republican delegation has been elected to congress, the majorities being in some cases equal to those of the Roosevelt year. Republican candidates for justices on the supreme court were elected by big majorities.

### CODD LOSES OUT.

Thompson, Democrat, Has Large Majority For Congressional Seat.

Detroit, Nov. 8.—With but one precinct to be heard from W. B. Thompson, Democrat, defeated Mayor George P. Codd for re-election by a majority of 3,341. The vote on the proposed new franchise for the Detroit United Railway company, advocated by Mayor Codd and generally accredited with causing his defeat, was 28,823, with only 13,316 votes in favor of it.

### Two Injured.

## THE MARKETS.

Kansas City Sock Yards, Nov. 5, 1906.—The quarantine supply was a third smaller last week than the week previous, and the supply in the southern division today is only 23 cars, lightest Monday for several months. The market has been holding up steady to strong since a week ago, including today, although the quality of the offerings has not been up to the standard of a few weeks ago. A few fed steers are coming, selling at \$4.25 to \$4.75, grass steers \$4.35 to \$4.15, although the top today is only \$3.80, cows \$2.35 to \$2.95, light veals up to \$6.00, heavy calves \$3.00 to \$4.00. In the native division the supply has been kept down by the shortage of cars, and the general situation is firm. Packers have been very active for the past two months, their purchases for October being 62 per cent of the total cattle receipts, as compared with 54 per cent of the receipts last year in October. The fact that range cattle have been in better condition this year, partly accounts for this, more of the receipts being suitable for killing this fall than last. Demand from the country has been strong, but the figures indicate that packers have been the more aggressive in the competition.

The hog market has had a downward tendency, although receipts are not at a volume to justify much of a break. Run was 49,000 last week, 7000 here today. Prices advanced after the middle of last week, but are 10 to 15 lower today, top \$6.20, bulk of sales \$6.10 to \$6.15. Heavy hogs and mixed weights sell higher than light weights, pigs at \$5.50 to \$6.00. Moderate receipts are predicted.

J. A. Rickart,  
Live Stock Cor.

## PLAIDS THE THING.

Unless present indications fail the approaching winter will prove a record season for popularity of plaid patterns, both in men's and woman wear. In millinery, dress goods and hosiery tartan effects predominate, the range including the designs favored in the clan days by the McLeods, McIntoshes and McInnis and the other Mcs of Scottish celebrity. The plaid color scheme prevailing in men's apparel does poetic justice to the shades of the Campbells, McMishes and McCutcheons. Shirts, cravats and hosiery of the cross stripe variety are now the real thing in this city.—New York Letter in Houston Chronicle.

## Sweet Simplicity.

In the old days there was a professor of psychology at Dartmouth who was so abstruse that it is doubtful if at times he fully understood himself. One day he was profounder than usual. He lectured for nearly an hour on topics away over in the back of the book. The class was dazed. It was far above their heads, and they did not understand even the edges of it. When he had finished, the old man took out his watch and said genially, "Now, there are ten minutes of the hour remaining. If any student desires to ask me a question, I shall be glad to answer it to the best of my ability." The class sat in a stupor. The professor waited for a time and then said: "Is there no one who has a question to ask? There are remaining several minutes that could be profitably employed." Finally one student put up a reluctant hand. "Ah," said the professor, "you have a question. What is it?" "What time is it?" stammered the student.—Saturday Evening Post.

## ABOUT SIXTY THOUSAND.

Hughes Has This Plurality, but Bruce Will Have Close Call.

New York, Nov. 7.—Revised returns, based on estimates, indicate a plurality of about 135,000 for Hughes above the Bronx. This will make his plurality in the state about 60,000.

Corrected figures from Westchester county in favor of Hughes make up most of the difference from the former estimate of Hughes' plurality. Republican pluralities in Albany, Columbia, Courtland, Erie, Madison, Montgomery, Otsego, Onondaga, Rensselaer, Schenectady and Tompkins show Bruce, Republican, for lieutenant governor, about 700 ahead of Hughes.

On the basis of 135,000 up-state plurality for Hughes, this would seem to show Bruce's election by a narrow margin, but as the Democratic candidates for other state offices ran ahead of their ticket they appear now to be elected, including Jackson of Erie county for attorney general.

## May Go to Legislature.

Concord, N. H., Nov. 7.—Floyd, Republican, defeats Jameson, Democrat, for governor by about 2,200. A majority vote is required and the election will probably be thrown into the legislature, which it is believed will be Republican. Congressman Currier and Sulloway, both Republicans, were easily returned.

## Fully Forty Thousand.

St. Paul, Nov. 7.—Johnson, Democrat, is re-elected governor by fully 40,000—perhaps more. Remainder of state ticket is Republican, with possibly secretary of state.

## Claims Entire Ticket.

Albany, N. Y., Nov. 7.—William Barnes, Jr., chairman of the Republican committee, issued a formal statement claiming the election of the entire Republican state ticket.

## Cuts Throat and Wrist.

Comfort, Tex., Nov. 7.—John Blumel, a well-to-do farmer, cut his throat and wrist and now lies in a serious condition at his ranch three miles from Waring. The young man was to have been married to a young lady of a prominent Waring family about the 15th of the coming month.

## Livery Stable Burns.

Tyler, Tex., Nov. 7.—J. J. Lewis' livery stable burned. All horses were saved. A wall of the building fell on Ewell building, badly damaging the latter.

## Rest the Stomach

Nothing will relieve indigestion that doesn't digest the food, itself, and give the stomach a perfect rest.

You can't reasonably expect that any weak stomach will regain its strength and get well when it is compelled to do the full work that a sound stomach should do.

You wouldn't expect a sick horse to get well when it is compelled to do a full day's work every day of the week.

Your stomach must have rest.

But it isn't necessary to starve yourself in order to rest your stomach.

Kodol Dyspepsia Cure is a perfect digestant. It will digest all of the food you eat regardless of the condition of your stomach.

## Kodol Dyspepsia Cure

For Indigestion, Dyspepsia, Sour Stomach, Flatulence, Headache, Water Brash, Belching of Gas, Nausea, Gastritis, Heartburn and all troubles arising from indigestion and non-assimilation of the food.

I had dyspepsia in its worst form; was reduced in weight to 118 pounds. After using two and one-half bottles of Kodol, I was completely cured and restored to my usual weight of 143 pounds.

He who plants a tree loves others besides himself; the tree will remain a standing monument to his prudence and forethought perhaps after he has departed this life. If a shade of fruit tree, its ornament in the one case, or its usefulness as a fruit producer in the other, will ever be a mark of remembrance.—Leander Record.

A movement having been started for "artistic dishwashing," the Ft. Worth Star suggests hand painted coal and cozy corner parties at the slaughter house.

We learned recently what a woman who was not afraid to work accomplished in two years, and we want to tell our readers of it. The woman was Mrs. Anna Schott. Two years ago she bought the interest of her divorced husband, Leonard Schott, in the home farm south of town, paying \$1700 for the half interest, \$200 cash and giving a note payable in 12 months for the balance. When the note came due she was able to pay half of it and borrow the balance to cancel it. Now that the second year is about ended she has paid back the borrowed money, owing only about \$100. She has her farm in fine condition, and owning a nice town residence, will be able to enjoy the quiet and rest she justly deserves. Not a man or woman in Lavaca county worked harder the past two years than she did. She lived economically, spending as little as possible and then only for actual necessities, and counting every penny carefully before spending it. She worked with a determination to succeed, and she did. There is no praise too rich for her. She has prepared a comfortable home for her declining days and will enjoy the luxury of rest.—Hallettsville Herald.

### MARRIED IN HOUSTON.

Mr. J. M. Musselman of Louisville, Ky., Weds Miss Bertha Horetsky.

At the residence of the bride's sister, Mrs. S. W. Fant, 1409 Webster avenue, on Wednesday evening, November 7, at 6 o'clock, Miss Bertha M. Horetsky, daughter of Mrs. Laura Koppe of Bryan, Texas, and Mr. J. M. Musselman of Louisville, Ky., were married, Rev. Father Bailey officiating. After congratulations the party repaired to the dining room, where they partook of an elaborate supper.

Mr. and Mrs. Musselman took the 9:10 train for San Antonio, where they will visit the fair for a few days on their honeymoon, after which they will return to Houston, where they will probably reside for the time being.

The wedding was a quiet affair, only near relatives of the contracting parties being present.—Houston Post.

The bride, who was born and reared in Bryan, is lovely in person, vivacious and talented as a musician. She has many friends here who unite in wishing that happiness and prosperity may attend her and her young husband through life.

The young groom, who is a successful business man, has visited Bryan, and those who met him formed of him a most favorable opinion.

### STOMACH'S IMPORTANCE.

How to Strengthen It so That It Will Act as It Should.

The stomach is the principal organ concerned in the digestion of food. If it is weak, inactive or out of order and unable to properly digest the food, the body will soon be in a state of semi-starvation.

Then, too, when the stomach is weak, the food is not properly digested and lies in it for hours, decomposing, fermenting and forming poisonous gasses and ptomaines that are absorbed into the blood, poisoning the system and impoverishing the blood.

To enjoy good health, it is absolutely necessary that the stomach and digestive organs should be strong, and no other remedy equals Mi-o-na in strengthening and giving tone to the whole digestive system.

Relief from the use of Mi-o-na is permanent and lasting. Use Mi-o-na for a few days, and the digestion will be good, the appetite keen, and there will be no nausea or distress after eating, no sleeplessness, no nervousness, and the headaches, backaches and disturbed heart action that are the direct result of a weakened stomach will soon be overcome.

Mi-o-na is sold under an absolute guarantee that the money will be refunded unless the remedy does all that is claimed for it. Ask E. J. Jenkins to show you the guarantee which he gives with every 50-cent box.

## THE NEW VISIBLE

### At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivot bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

### Here is a Short Description.

**THE TYPE HANGER**—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

**TWO COLOR RIBBON**—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

**THE INTERCHANGEABLE CARRIAGE**—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

**PERFECT VISIBLE WRITING**—The entire line is visible all the time.

**THE KEY TENSION**—The force required on the part of the operator to print a letter is only 2 1/4 ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

**THE LINE LOCK**—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

**ALUMINUM KEY LEVERS**—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

**TABULATOR**—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

### SILVER WEDDING.

President and Mrs. Diaz Have Been Married Twenty-Five Years.

City of Mexico, Nov. 8.—Wednesday marked the twenty-fifth anniversary of the marriage of General Porfirio Diaz, president of the republic, and Madame Caren Romero Rubio de Diaz, the first lady of the land.

Probably no ruler of any country and his lady have enjoyed a silver wedding after a custom, under such favorable auspices, than this which marked the celebration, when all eyes turned to the capital end of the chief executive, who brought order out of chaos, and who is ranked among the wisest rulers of contemporaneous times. While no public ceremony occurred in honor of the event, there was no lack of expressions of best wishes from hundreds. Among the telegrams received from abroad was one from Emperor William of Germany.

### HUGHES SELECTED.

Oklahoma City Man Will Preside Over Constitutional Convention.

Oklahoma City, Nov. 8.—At a conference of Democrats here it was decided to support W. C. Hughes of Oklahoma City for the position of presiding officer in the constitutional convention.

Chairman Hammon of the Republican territorial committee claims six Republican delegates to the constitutional convention, and possibly two more, conceding forty-nine districts to the Democrats. F. J. Stowe, an independent, was elected in the Ninety-fifth district.

Secretary Johnson of the Democratic campaign committee claims his party will have ninety-seven delegates, the Republicans twelve and there will be one Independent.

It is understood that the Guthrie meeting on Nov. 19 will develop some line-up on the county seat question as it applies to the Indian Territory.

The Anti-Saloon League of Oklahoma, which organization has been directing the anti-saloon fight in the campaign, is claiming twenty-eight of the fifty-three delegates in Oklahoma as being favorable to a constitutional provision against the sale of liquors.

The Democratic campaign committee met Wednesday and requested Fred Parkinson of Wagoner, I. T., chairman of the Indian Territory executive committee, to have the members meet in Guthrie Nov. 19, the day preceding the opening of the constitutional convention. While it was not announced, it is the intention of the committee to draft memorials to the convention, which is heavily Democratic, urging the necessity of careful action in preparing a constitution. The committees will act in an advisory capacity only. It is also the intention to consider the next campaign.

E. P. Hill of South McAlester, I. T., member of the campaign committee from the Fourth congressional district, said: "While we knew the election would go Democratic, we had not counted on such an overwhelming majority, and speaking for the Democratic organizations, it is their desire that a constitution be drafted which the people of Oklahoma will be glad to indorse, and one which will be a shade better than any other in the American Union. We propose to keep faith with the people."

### STILL IN DOUBT.

At Midnight Wednesday Night Chanler Seemed In Lead.

New York, Nov. 8.—At midnight Wednesday night there was still doubt as to who is elected lieutenant governor. Sixteen counties had not reported the official count at that hour, but on the face of the figures on hand the result seemed to favor Chanler, the Democrat-Independence League nominee. What ever the result may be, the figures will be close, and until complete official returns shall have been made by all the counties it will be impossible to do more than guess at the winner.

The total vote for the state, so far as returned, including the Democratic stronghold of the city of Greater New York for lieutenant governor is, Chanler, 604,434; Bruce, 516,479.

It appears that outside of the candidates for governor, and possibly for lieutenant governor, the Democratic ticket is elected.

In Greater New York Chanler's majority over Bruce is 134,441, and this big lead Bruce must overcome in the up-state counties. After the missing counties in Westchester, which gave Hughes 8,000 plurality.

### NOT COUNTED.

Independence League Officers Have Made This Accusation.

New York, Nov. 8.—At the headquarters of the Independence League Wednesday night the following statement was issued:

"Reports from up-state indicate that Mr. Hearst cut down the Republican vote materially and that the Independence League vote for Hearst was not counted in many counties. These votes will have to be added to the announced results for Mr. Hearst in order to give the correct Hearst figures in the state.

"Last night Chairman William Astor stated that his brother, Albert, who was running for sheriff of Dutchess county, had threatened to bring mandamus proceedings against several election boards before they consented to count the Independence League vote for Mr. Hearst.

"To-day other reports were received indicating that Independence League votes for Hearst were not counted in Erie and Allegheny counties. Reports came in also showing that in districts of Clinton, Cattaraugus, Herkimer, Wayne, Albany, Onondaga and Washington counties there was a failure on the part of the election boards to count the vote for Mr. Hearst, which was cast under the scales."

### PRIMARY REAL ELECTION.

This Is the Opinion of Chairman of Democratic Executive Committee.

Dallas, Nov. 8.—Chairman Carden of the Democratic executive committee issued a statement, in part as follows:

"The result of the state election shows that the people regard the primary as the real election, and the general election as a mere legal form through which to register their predetermined choice.

"The returns indicate the normal state Democratic majority to be about 300,000, and that the legislature will probably be unanimously Democratic. This situation is unparalleled in any state, and while the vote was light, we ought to be satisfied."

Hughes Congratulated.

Washington, Nov. 8.—President Roosevelt telegraphed Governor-elect Hughes of New York his congratulations.

### BECKHAM NOMINATED.

Will Be the Youngest Member of the United States Senate.

Louisville, Nov. 8.—With but a few mountain counties to hear from, and these probably increasing his lead, Governor Beckham has almost certainly won his fight against Senator McCreary for the nomination for the United States senatorship in the Democratic primary. The governor's majority will be about 4,000.

Samuel W. Hager was nominated for governor by a majority of between 12,000 and 15,000, the nomination for attorney general going to John K. Fredericks. Although Senator McCreary carried Louisville by 7,287, Gov. Beckham ran so well in the country that he overcame this lead and has in the neighborhood of 4,000 votes to spare.

The complexion of Kentucky's representation in congress shows some change, the Republicans gaining two congressmen, giving them a total of four in the lower house. The new members are Dr. A. D. James of the Third and John W. Langley in the Twelfth. Don C. Edwards in the Eleventh district and Joseph B. Bennett in the Ninth, Republicans, were re-elected.

John Crapps Wickliffe Beckham, whose nomination in the primary in succession to United States Senator McCreary is equivalent to an election, enjoys the distinction of being the youngest governor in the United States. At the time of his election he was thirty years of age, and is now thirty-seven. When he takes his seat in the senate he will be the youngest member of the body.

### LONGWORTH CONGRATULATED.

"We Seem to Have Done Pretty Well All Along the Line."

Cincinnati, Nov. 8.—Congressman Longworth, who was re-elected to congress, received the following telegram from President Roosevelt:

"Hon. Nicholas Longworth, Cincinnati, O.: 'Hearty congratulations. Love to all. We seem to have done pretty well all along the line.'"

"THEODORE ROOSEVELT."

The message from the president was in response to a message from Mr. Longworth announcing his election.

### LONDON VIEW.

Comment Is Americans Are Opposed to Combinations of Capital.

London, Nov. 8.—All the morning newspapers publish long editorial articles on the result of the election in New York state. Few of them say anything about the results elsewhere. With scarcely an exception, the comment on the close vote as an indication of the popular discontent with numerous combinations of capital.

### DEMOCRATS WIN.

Elect All State Candidates and Twelve of the Congressmen.

St. Louis, Nov. 8.—From nearly complete returns from all counties the Democrats have carried the state by a plurality of 7,640, electing all candidates on the state ticket and twelve of the congressmen. The Republicans elected congressmen in Kansas City and St. Louis, but lost all the districts in the state, which had been swept into the Republican ranks two years ago.

### HOLDS HIS LEAD.

Campbell Will Have About One Hundred and Fifty Thousand Plurality.

Dallas, Nov. 8.—Up to 2 o'clock Thursday morning 74,340 votes had been accounted for. Of these Campbell gets 61,033; Gray, 9,039; Pearson, Prohibitionist, 937; Edwards, Socialist, 1,263; Dowler, Socialist Labor, 124; Acheson, Reorganized Republican, 2,108. This gives Campbell a majority of 48,426 over all and a plurality of 52,000 over Gray, his nearest competitor. This is about one-third of the votes.

### NEXT HOUSE.

Democrats Have Lost Three and Gained Thirty-Two Congressmen.

Chicago, Nov. 8.—Returns received up to 1 o'clock Thursday morning show that the Republicans have elected 223 congressmen, and the Democrats 162. The Democrats lost three and gained thirty-two congressmen.

### All Three Again Elected.

Seattle, Wash., Nov. 8.—Returns to far received from the state are sufficient on which to base an assertion that Humphrey, Jones and Cushman, the Republican congressmen, have all been re-elected by heavy majorities. The vote shows a considerable falling off in Republican majorities from two years ago.

### By Reduced Plurality.

Boise City, Ida., Nov. 8.—According to returns it seems assured that Gov. Gooding, Republican, for governor, has been re-elected, though his plurality shows heavy losses from the vote he received in 1904. French, Republican, for congress, is probably elected over Rattanbaugh, Democrat, but by a considerably lower majority than Gooding.

### Alabama County Republican.

Montgomery, Nov. 8.—Belated returns show that Winston, the smallest county in Alabama, went Republican, every Democratic candidate being defeated. This is the first county to go entirely Republican since reconstruction days.

### KIPP CHOSEN.

Democratic Candidate in Fourteenth Pennsylvania Congressional District.

Towanda, Pa., Nov. 8.—Complete returns from the Fourteenth congressional district show that Congressman Lilley, Republican, is defeated for re-election by George W. Kipp, Democrat and Lincoln, by 747 majority.

### "SUFFICIENT CAUSE."

This Is All Congressman-Elect Has Said of Tragedy.

Baton Rouge, Nov. 8.—The cause of one of the most dramatic shootings in Louisiana's recent history, when Judge George K. Favrot Wednesday night killed his life-long associate, Dr. H. H. Aldrich, was still unknown early Thursday. The fact that Judge Favrot is a leading figure among Louisiana's Democratic nominees, was elected by a majority demonstrating unusual popularity, that both men were married and occupying some of the most respected positions at the state capital, and circumstances that the street near which the shooting occurred was at the time filled with leading men of the official city, accompanied in some cases by their wives, has made an unusual setting for the tragedy. At one edge of this animated scene Judge Favrot was seen to enter an office in a building, raise his arm and fire rapidly three times. He came out immediately and surrendered himself. Dr. Aldrich, his victim, was shot just as he left the office in this building. He was found lying in a corridor with a revolver sticking nose down in his watch pocket and the butt hidden under his vest. Friends offered no explanation for the killing, and Judge Favrot, after spending the night in jail, said nothing to supplement his explanation made immediately after the shooting to the effect that he had "sufficient cause." It is reported Dr. Aldrich had been warned that Judge Favrot would shoot him on sight.

### Nose Jewelry.

I suppose that in five years' time anybody who doesn't wear spectacles will be liable to arrest and imprisonment with or without the option of a fine. I cannot believe that all people who wear spectacles suffer from defective vision. I think that the great bulk of the people who overdress their faces with pieces of gold mounted glass do so out of vanity. They consider that it improves their appearance and tends to make them look more intellectual. You will notice that no pretty woman or handsome man ever goes about with a gold nose improver. It would, indeed, be an extraordinary thing if our oculists were to tell us that beautiful people never had defective eyesight.—Fall Mail Gazette.

### Shetland Wool.

A curious historical legend is connected with Shetland wool. Over 300 years ago a man-of-war belonging to the Spanish armada was wrecked on one of the islands. The sailors who escaped taught the natives to make brilliant dyes from roots which they found, resembling those used for like purposes in Spain. Those persons who now wear bright Shetland knit "comforters" are unconsciously wearing mementos of the "Invincible" armada.

### Fruit Eating Is Healthful.

If people ate more fruit they would need less medicine and would have better health. Fruit eaten early in the morning on an empty stomach serves as a stimulant to the digestion, and apples and oranges eaten at any time in the day are good for biliousness. Stewed prunes and figs are also healthful at any time.

### Where He Was Gray.

A young man of eighty-three summers, whose hair is still brown, met the other day a friend much younger, but whose hair is quite white. "What is the reason," said the latter, "that you do not grow gray?" "Oh," replied the first, "that is easily explained. I have the gray matter on my brain, inside!" — Syracuse Post-Standard.

### Bread on the Waters.

"De sayin' is," said Brother Dickey, "dat what you gives ter de poor you lends ter de Lawd, but you mustn't spend all yo' time figgerin' how much interest will be comin' to you!" — Atlanta Constitution.

### CHECKED SHORT.

Cashier Alleged to Be Behind Over Twenty-Two Thousand Dollars.

Montgomery, Ala., Nov. 5.—Cashier H. C. Dubose of the Monroe County bank at Monroeville, has been checked short \$22,115 and same reported to State Bank Examiner Rutledge. The bank is perfectly safe, as surplus and stock are ample. D. D. Ims has been appointed cashier. The directors say Mr. Dubose has taken the sum of \$22,115.17, of which \$4,244 is surplus and profits and \$17,873.30 part of capital stock. However, \$30,000 has been secured against the shortage.

### SCHIFF INITIATED.

Becomes a Member of Labor Union to Lay Cornerstone.

New York, Nov. 5.—Jacob H. Schiff became Sunday a member of Journey-men Stonemason and Setters' union No. 84 of Greater New York. The financier took a pledge not to work for less than 70 cents an hour and never to have anything to do with a non-union job. He was initiated by William J. Skinner, business agent of the union, and then he got his card. The formality of making Mr. Schiff a union workman was necessary before he could lay the cornerstone of the new synagogue of the First Hungarian congregation of Ohob Hedek.

### FOUGHT AT MIDNIGHT.

Highwaymen and Conductors Participants and Two of Latter Slashed.

New York, Nov. 5.—A Portland (Me.) special to the World says a desperate fight took place in the center of the city Sunday night at midnight between four highwaymen and three street railway conductors. Two of the conductors were fatally slashed with razors. A mob of 500 followed the robbers and captured two of them.
